1. Do you think the EU is doing enough to combat climate change?
  - a. Yes
  - b. No
  
2. Which of the following actions, if any, would you be ready to take to help combat climate change? [Multiple choice]
  - a. Reduce your meat consumption
  - b. Use your car less often
  - c. Fly less
  - d. Pay an extra 1% of your income in tax
  - e. None of the above
  
3. Prior to the outbreak of Covid-19, on average how frequently did you fly within Europe?
  - a. Once every two weeks or more often
  - b. Once every month
  - c. Once every few months
  - d. Once a year or less
  
4. To help combat climate change, would you support a ban on short flights to destinations that could be reached within 12 hours by train?
  - a. Yes
  - b. No
  
5. What conditions, if any, should national governments impose on state support for national airlines? [Single choice]
  - a. Airlines to phase out fuel-inefficient aircrafts and reduce short-haul flights
  - b. No conditions should be imposed
  - c. National governments should not give public funds to national airlines under any condition
  
6. What are the main reasons you have a car for personal use, if you do?
  - a. It's more convenient than using public transport
  - b. Alternative means of transport are not widely available
  - c. Alternative means of transport are too expensive
  - d. I like the sense of personal autonomy
  - e. I do not have a car

7. According to the European Commission, cars and vans are responsible for nearly 15% of EU carbon emissions. Which of the following policies would you be willing to support to reduce carbon emissions stemming from cars and vans? [Multiple choice]
- Additional fuel taxes
  - A charge for using certain stretches of motorways or main roads
  - Making city centres pedestrian-only zones
  - A ban on all petrol and diesel vehicle sales
  - None of the above
8. Which of the following obstacles, if any, most stands in the way of you reducing your meat consumption?
- I like eating meat
  - Lack of attractive alternatives to meat
  - Price of vegetarian/vegan diet in my country
  - None of the above
  - I am already vegetarian/vegan
9. According to the UN Food and Agriculture Organisation, livestock production is responsible for nearly 15% of greenhouse gas emissions worldwide. What step, if any, are you prepared to take to reduce overall meat consumption? [Single choice]
- Give up eating meat completely
  - Eat less meat
  - I am not prepared to reduce my overall meat consumption
  - I am already vegetarian/vegan
10. In which of these venues, if any, would you accept the restriction of dietary choices to vegetarian and vegan only? [Multiple choice]
- School and university eating facilities
  - Workplace eating facilities
  - Restaurants
  - None of the above
